

## **Climate Justice Ministries**

*Now sharing our new name with November events coming soon!*

We have updated the name of our St. Luke committee from Environmental Stewardship to Climate Justice Ministries. We'll share more info about how this change came to be in an upcoming newsletter and in the St. Luke Winter Messenger.

### ***Here's what we want to share with you today:***

Our regular November committee meeting is on **November 3rd** after the 10:30am service in the library. We welcome members and guests to meet with us to learn about what we are planning or to share your ideas for things we should consider in 2025.

We are hosting the November first Wednesday evening Church meal and program on **November 6th** at 6pm in the Fellowship Hall. It will be a plant based low carbon footprint meal with soups and salads using local produce and as little plastic packaging as possible. The program is a sharing of small things we are doing for climate justice. Details about how to participate will be shared in the Weekly Press.

On **November 10th** after the 10:30am service Peter Fargo, Creation Justice Coordinator of Ecumenical Ministries of Oregon (EMO) will meet with St. Luke members and guests to talk about 'ERA' and OCERA. Snacks will be provided.

'ERA' is an Environmental Rights Amendment to the Oregon Constitution for Oregonians to recognize the importance of the environment as the lens for living in this beautiful state. Learn more here: <https://www.oceraunited.org/>

We hope you will join us for several gatherings in the next few weeks. Or, reach out and let us know how you'd like to volunteer alongside us.
