## SPONSOR

Are you interested in learning more about other cultures? Have you ever thought about hosting an exchange student? Bringing a student into your home deepens cross-cultural understanding for both the student and the host family. The mission of AFS-USA is to advance world peace through global connections. Young people are prepared to be ambassadors for their countries and develop a love and appreciation for our country that they take back and share with their communities. Exchange students become global citizens and often international leaders thanks to time spent with you sharing your traditions and values. Visit [afsusa.org/host-family](https://afsusa.org/host-family) to learn more, including seeing locally available students arriving in August. Please reach out to Christina Wood with questions.
